Can Tax Rebates Stimulate Consumption Spending in a Life-Cycle Model? <i>Jonathan Huntley and Valentina Michelangeli</i> .....	162
A Theory of Countercyclical Government Multiplier <i>Pascal Michailat</i> .....	190

A stylized graphic on the left side of the cover features a torch with a flame at the top, a cylindrical shaft in the middle, and a gear-like base at the bottom. The torch is rendered in a light blue color against a dark blue background. The gear is also light blue and partially overlaps the torch's shaft. The overall design is modern and industrial.
