CONTENTS

Physiological study of the fibre component of ELN innervating Thyroid Gland Kannaiyan Vijesh Ramnarayan, Joyeeta Sengupta, Jian-Hua Ran, Rong Jiang and Shan-Quan Sun	1-7
Site directed mutagenesis as an efficient way to enhance structural and spectral properties of Green Fluorescence Protein Hussaini Mohammed Majiya and Niranjan Kumar	9-14
Technical inefficiency and sustainability of rice production in the <i>Fadama</i> of Niger State, Southern Guinea Savanna of Nigeria A. F. Lawal, A. Liman, D. A. Ibrahim and L. T. Yusuf	15-25
Effect of intercropped <i>Aeschynomene histrix</i> and maize (<i>Zea mays</i> L) on <i>Striga hermonthica</i> at Lapai and Mokwa, Niger State, Nigeria K. M. Isah, Niranjan Kumar, A. F. Lawal and S. Y. Abdulmalik	27-32
Impact of population density on body weight in experimental populations of <i>Drosophila ananassae</i> Bhumika and A. K. Singh	33-38
Effect of Dithane M-45 on growth and development of <i>Abelmoschus esculentus</i> (Okra) Astik Kumar Buts, Manorma Singh and Divya Singh	39-46
Free radical scavenging activities, growth and metal uptake in Carrot (<i>Daucus carota</i> L.) plant under higher concentration of Arsenic Shyni Paul, Sudhir K. Upadhyay and Eugenia Paul Lal	47-56
Individual and combined effects of SO₂ and O₃ on root knot nematode multiplication Deepti Yadav and Kamal Singh	57-64
An account of Caprifoliaceae Juss. in South India Joydeep Acharya and Ambarish Mukherjee	65-71
Fumonisin producing isolates of <i>Fusarium moniliforme</i> associated with sorghum grains during field and storage Shradha Dixit, Shikha Dixit and S. Singh	73-75
Comparative study of length-weight relationship of <i>Parreysia corrugata</i> (MULLER), AND <i>Lamellidens marginalis</i> (Lamarck), from Nanded Region, Maharashtra (India) A. V. Suryawanshi and A. N. Kulkarni	77-80
Lunar Rhythm in the planktonic biomass of Bay of Bengal at Digha-on-Sea (W. B.) Puspalata Moharana and A. K. Patra	81-86
Effect of cypermetherin on the ovary of freshwater fish <i>Channa striatus</i> V. T. Tantarale and S. H. Rathod	87-89
Impact of healthcare waste management training among Doctors and Nurses at a Tertiary Healthcare Institute, Lucknow Reema Kumari, G. K. Tripathi and Anshita Singh	91-94

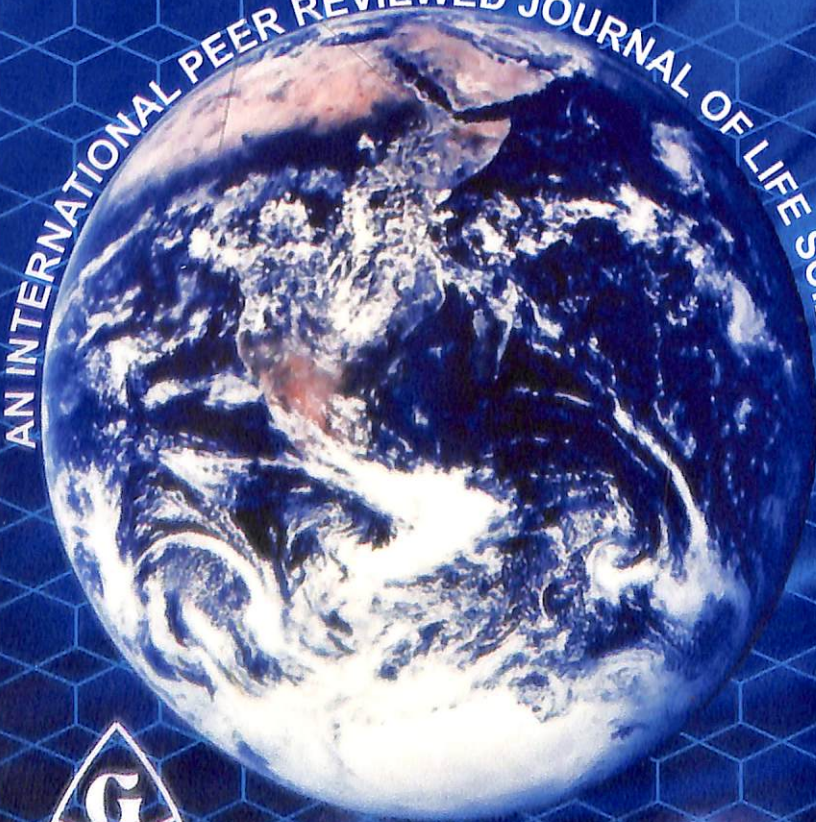

- A taxonomic Census of Magnoliophytes in an abandoned mine tailing site of Burdwan District, West Bengal** 95-98
Rimi Roy and Ambarish Mukherjee
- Extraction of tetrodotoxin from Puffer Fish (*Tetrodon cutcutia*) and its affect on Cockroaches (*Periplaneta americana*)** 99-104
T. G. Devina, T. Gogoi and J. K. Nath
- Observations on the spectrum of Powdery Mildew on Cucurbits in Faizabad Mandal, U.P., India** 105-108
Sanjay Gangwar and Kiran Mishra
- The use of geospatial approach in assessing the impacts of long distance to School on students and pupils of Gidan Mango/Garatu Axis in Bosso Local Government area of Niger State, Nigeria** 109-113
S. N. Jiya, E. Salawu and Mamman S. Jibril
- The use of computer and manual analysis in detection of land use changes in jos, Plateau state, Nigeria** 115-122
S. N. Jiya and D. S. A. Alaci
- Food safety assurance through regulation of Agricultural Pesticide use in India: Perspectives and Prospects** 123-127
Parul Puri
- Novel advancements in assisted techniques and microextraction of Pesticide residues from Food Samples** 129-144
Parul Puri

CONTENTS

New record of <i>Plakobranchnus ocellatus</i> Van Hasselt, 1824 from Kerala Coast, India	1-5
M. S. Sheeja and K. Padma Kumar	
Effects of some organophosphorous insecticides on fresh water algae under lab conditions	7-11
Azhar M. Haleem and Rana M. Badri	
Microflora degrading the municipal wastes by fungi	13-16
Lokhande Shilpa and Musaddiq M.	
Epidemiology of Cucurbit Powdery Mildew in Rohilkhand Region of Uttar Pradesh, India	17-20
Abhiruchi Agnihotri, G. K. Sharma, and Neelofar Khanam	
Pathogenic bacteria associated with cases of Corneal Ulcers	21-23
D. N. Jain and M. Musaddiq	
Effect of curing light distance on microleakage and compressive strength of pediatric composite restorations	25-29
A. R. Prabhakar, Chandrashekharyavagal and Vaibhav Chougule	
Physico-chemical characterization of city sewage discharged into River Arpa at Bilaspur, India	31-36
U. Tewari, A. N. Bahadur, Prerna Soni and S. Pandey	
Development of vesicular Arbuscular Mycorrhizal (VAM) fungi in cultivars of mulberry	37-38
Alok Tripathi, Harishankar Rai and M. Z. Beg	
Role of some medicinal plants related to health care among the tribals in the Region of Anpara, Sonebhadra, U. P.	39-40
Ram Das and Richa Singh	
Effect of <i>Aloe vera</i> Juice on Diabetic and Diabetic Retinopathy Subjects	41-45
Yogita Soni, Ramchandra Mochi and Ghanshyam Gahlot	
Frequency of cotyledonary and leaf abnormalities in M₁ generation of Mungbean	47-50
Shamim Ahmed Azad	
<i>Elephantopus scaber</i> L: An Overview	51-54
Moumita Das and Ambarish Mukherjee	
Psycho-social environment in Ayurveda with special reference to health and disease	55-57
Rakesh Kumar Srivastava	
Antibiotic resistant of pathogenic bacteria isolated from milk and milk products in Akola City of Maharashtra	59-62
Javed Khan, M. Musaddiq and G. N. Budhlani	
Antibacterial activity of <i>Aegle marmelos</i> against bacterial strains	63-67
Neha Parihar and Sanjay Kumar	

- Isolation and characterization of a novel amylase from *Bacillus pseudofirmus* DW4(1)** 69-76
Vishal Ramakant Dhundale, Vrushali Ratan More, Rachana Dattatray Nagarkarand, Vijayshree Milind Hemke and Dilip H Tambekar
- An account of *Sambucus L.* in The Himalayan Regions of India** 77-83
J. Acharya and A. Mukherjee
- Study of some Ethnomedicinal plants used to cure some Gynaecological Disorders from Anpara-Renukoot Region of Sonebhadra District** 85-87
Richa Singh, Deepak Kumar Srivastava and Poonam Singh
- Exploration for eco reforms strategies and management of Urban Landscape of Jaunpur City** 89-93
Mayank Singh
- Antimicrobial and synergistic activity of Phoenix Dactylifera seeds** 95-100
Ansari Sufiya Mohd Azam Farhana
- Vanishing Tumour- A case report** 101-103
A. Kumar, A. K. Gupta, Aditya Kuamr Guatam, Somnath Bhattacharya and Mohd. Haroon Khan
- Taxonomic and Phytoclimatic surveillance of the Naturalized Vegetation in an opencast coal mine site of Burdwan District, West Bengal** 105-113
Rimi Roy, Ambarish Mukherjee and Wriddhiman Ghosh
- Survey of some endangered species of Angiospermic plants of Madhubani district of Bihar** 115-118
Kshitish Kumar, Meenakshi Priyadarshini and L. N. Shukla
- Study of the effect of age and gender on Prevalence of pallor in children between two years to below five years of age** 119-123
Anil Gupta
- In-Vitro Propagation of a Medicinal Plant *Catharanthus roseus L. (g.) Don*** 125-128
S. Pandey, A. N. Bahadur, V. K. Kanungo and U. Tiwari
- New record of *Spondylus Limbatus G. B. Sowerby Ii, 1847 (Bivalvia: Pteriomorphia: Spondylidae)* from Vizhinjam, Kerala, India** 129-134
S. Souji and Treṣa Radhakrishnan
