COMPLIMENTARY

RESEARCH ARTICLE

- Effect of various plant growth promoters and growing conditions on flowering of *Dendrobium* cv. EARSAKUL—M. RAJA NAIK AND K. AJITHKUMAR 30
- Influence of poultry composts on growth and yield attributes of sunflower— M. PRASANTHRAJAN, P. DORAISAMY, M. PANDIYAN AND K.P. SIVAKUMAR 37
- Microsymbiont enhances survival of teak seedlings and nutrient status of soils under saline soils—SWATI SHEDAGE AND N.S. PATIL 42
- Effect of *Azospirillum* and phospho-solubilizing bacterial isolates on yield and nutrient uptake of rice in salt affected soil—PAWAN KUMAR SRIVASTWA AND KANHAIYAJI VERMA 48
- Quantification of litter fall and assessment of nutrient composition in bamboo (*Bambusa vulgaris* var. *Vulgaris*) plantation—C.N. HARI PRASATH, A. SUDARSHAN AND PRAVEEN T. GOROJI 54
- Effect of urea and zinc treatments on biochemical components of guava fruits cv. BHAVNAGAR RED— J.M. PARMAR, K.M. KARETHA AND P. J. RATHOD 61
- Response of chemical and physical mutagens on yield of papaya (*Carica papaya* L.)—DHARMENDRA YADAV AND AMAR SINGH 65
- Influence of seed-cum-fertilizer drill machine on the growth characters and yield of soybean (*Glycine max* L.) at farmer's fields —S.S. DHAKAD AND N.S. KHEDKAR 68
- Effect of new post emergence herbicides on yield and yield attributes and energy in transplanted rice (*Oryza sativa* L.)—ISHRAT KHWAJA AND SAHAJA DEVA 73
- Characterization of *Azospirillum* and phospho-solubilizing bacterial isolate from salt-affected soil and their effect on rice (*Oryza sativa*) crop—PAWAN KUMAR SRIVASTWA AND KANHAIYAJI VERMA 79

A CASE STUDY

- Wild edible tuber and root plants available in bastar region of Chhattisgarh—AJAY BANIK, SHARAD NEMA AND DEO SHANKAR 85
- Afforestation bustle through MGNREGA: A pace towards the sustainable approach—MOHINI UTTAM DHAKANE AND JYOTHI K. MANDAN 90
- Mollitrichosiphum* spp: A new record of aphid from Alder-large cardamom ecosystem in Sikkim —T.N. DEKA, B. A. GUDADE, A.K. VIJAYAN AND P. CHHETRI 94

RESEARCH NOTE

- Varietal response of *Bela* on productivity and profitability under climate change—AMAR SINGH, R.A. SINGH AND V.K. KANAUIJA 98
